

Golf Clubs Partnership Workshops/Seminars

We are looking for a small number of suitable golf clubs to work in partnership with us as co-hosts for a series of local workshops.

National Training Resources Limited, through its various divisions, provides a diverse range of training events for different sectors and types of organisation.

The NTRL Sports Services Division delivers specific Workshops for Golf Clubs and other sports organisations, covering such issues as: Legislation, Health & Safety, Risk Assessment, Disability Discrimination Act, Funding, Membership Recruitment, Marketing, CASC application and Equality & Diversity.

Our experience in the education and training sector ensures that we have high standards of speakers, learning objectives and handouts for each event.

These Workshops may be the key to ensuring your club or organisation is up-to-date with all relevant legislation and is gaining maximum benefit from the difficult market in recruitment and retention of members and new fundraising ideas.

In order to arrange these events at minimum cost and maximum participation for local groups of clubs, we are looking to work with a small number of suitable clubs.

Partnership

We would be pleased to work in partnership with your club to co-host events of this nature. Held within **'your'** club, the event will not incur any delegate costs to you as the 'host' organisation and you may nominate a suitable number of your directors, staff and volunteers to attend free of charge (usually up to 4 persons).

Booking & Attendance

For an event to be viable it is necessary for a minimum number of 8 paying delegates (in addition to the host club's attendees). Paying delegates are charged a typical fee of £99.00 + VAT per person to attend (subject to speaker & location). Total attendance should not exceed 18 so as to ensure a fully participative, interactive, quality event.

This partnership arrangement with NTRL Sports Services minimises costs for the host club and enables low delegate fees for other local clubs compared with typical "open" events held in hotels.

NTRL Services would provide:

- A professionally prepared Workshop/Seminar
- A qualified experienced Speaker/Facilitator
- Audio-visual equipment including; data projector, laptop and screen (if necessary)
- Comprehensive delegate packs, workbooks, exercises etc., for all delegates
- Master copies of tracking forms, checklists etc., for the clubs/delegates to use afterwards

Host Club would provide:

- A suitable room for the Workshop/Seminar
- Power supplies for speaker's laptop, projector, and a flip chart stand (if possible)
- Refreshments (tea and coffee) on arrival, mid-morning, lunchtime & mid-afternoon
- Lunch for the delegates and speaker (usually a finger buffet)
- Informal communication to other local clubs about the event
- Agreement for NTRL to market the co-hosted event to a list of your local/regional clubs

Comments from Delegates at previous events

- *"Due to the extent of the risk assessments required, I have more understanding of the subject which was required by myself"*, Blackpool North Shore Golf Club - Course Manager.
- *"Now more aware of risk at work"*, Blackpool North Shore Golf Club - Bar Manager.
- *"Helped you appreciate risk of other departments and now understand what issues need addressing in the office"*, Blackpool North Shore Golf Club - Administration Assistant.
- *"This style of course is an excellent refresher to ongoing legislation"*, RNIB Redhill College - Facilities Manager.
- *"It was excellent, great tutor with excellent presentation style"*, YMCA - Co-ordinator.
